Applicable only for Velocity@ocbc Standard Service Package: Risk Disclosure Statement In Connection With Single Control:

In the case of dual access or control ("Dual Control"), two or more people are required to be actively involved in order to complete a transaction. This involves having a person responsible for initiating or creating the transaction and another individual of higher authority to approve the transaction in the system. In the case of single access or control ("Single Control") only one person is required to complete a transaction. For all transactions initiated through Velocity@ocbc, the system defaults to have Dual Control in place as account fraud and identity theft are frequently the result of Single Control.

I/We fully understand and acknowledge the characteristics and risks of having Single Control, which carries risk of compromise when compared with the benefit of Dual Control scheme, which provides an extra layer of security. I/We hereby authorise OCBC Bank to proceed with Single Control setup in Velocity@ocbc. I/We shall assume and be responsible for the risks inherent in Single Control scheme. I/We undertake to indemnify and hold the bank fully indemnified from and against any loss, costs (including solicitor and client costs on a fully indemnity basis), charges, damages, claims, demands, actions, proceedings and all other liabilities of whatever nature and however incurred or suffered by me/us or the Bank as a result of the Bank agreeing to act on my/our said authorisation. I/We also understand and agree that the bank may modify the Business Account Terms and Conditions relating to OCBC Internet Banking Service or terminate the provision of Single Control scheme by notice to me/us at any time.
